

**TETON VALLEY  
HEALTH CARE**

*Partners in Health for a Lifetime*

## Marc Porot, M.D.

**Specialty:** Pain Management

**Phone:** (208) 354-2302 or in Blackfoot, Idaho at (208) 782-3701

Dr. Porot is a highly experienced board certified anesthesiologist with a specialty in pain management. He started with undergraduate and graduate degrees in engineering at UCLA and then went on to medical school at the Universite Pierre et Marie Curie in Paris.

After medical school, he completed internships in both internal medicine and pediatrics, and an anesthesia residency and fellowship at UCLA. He has held a private practice in Los Angeles since 1986.

Dr. Porot offers pain management care at Driggs Health Clinic and inside the Bingham Community Health Clinic. He specializes in the treatment of acute and chronic pain.

As a pain specialist, Dr. Porot works in concert with your local doctor and other medical professionals to provide additional treatment possibilities for patients who experience chronic pain. These treatments may include specialized medications and injections to better help patients transition from a life ruled by pain to a more normal productive lifestyle. Dr. Porot will be the first one to tell you that not all pain can be cured, but most types of chronic pain can be managed.

Dr. Porot and his family have spent many family vacations in the Sun Valley area and they enjoy the outdoor lifestyle Southeast Idaho has to offer.

To make an appointment with Dr. Porot, please call Driggs Health Clinic at 354-2302.
